Justification: Federal facilities are buildings or parts thereof owned or leased by the Federal Government, where Federal employees are regularly present for the purpose of performing official duties. 18 USC 930 is Federal law that supersedes Section 512 of Public Law 111-24 and prohibits the possession of a firearm or other dangerous weapon in a Federal facility unless specifically authorized. All concession facilities within the park are owned by the National Park Service and various park employees routinely perform work functions within those facilities.
